EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 38-40 were canceled due to an election without traverse on 2/2/2006.

Claims 6-8, 14 and 37 will be reinstated in the application since claims 44 and 60 are generic which are now allowed.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: **Claims 44 and 55** have not been rejected using prior arts because no references, or reasonable combination thereof, could be found which disclose or suggest a blade assembly that can be loaded into an inner cavity of a microkeratome, the blade assembly comprising: a blade holder includes a blade holder reference surface generally facing toward the front cutting edge, and an opening configured to receive a pin of the microkeratome, where *the blade holder frictionally engages the rear edge and is movable relative to the rear edge toward the front cutting edge by an amount adjustable along the first direction, and wherein the blade holder reference surface is positioned at an adjustable distance from the front cutting edge along the first direction*, in combination with the rest of the claimed limitations as set forth in claims 44 and 55. **As to claim 60**, the prior art does not teach the invention including, *a blade disposed in a blade plane which included a finger extending outwardly from a rear edge in a direction opposite and away from the front cutting edge and generally coplanar with the blade plane, where a blade holder*

Art Unit: 3734

includes a slot and an opening configured to receive a pin of the microkeratome, wherein the blade holder contacts the rear edge and the finger which extends into the slot along the blade plane, in combination with the rest of the claimed limitations as set forth in claim 60.

2. *The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. U.S. Pat. No. 4,690,139 to Rosenberg. U.S. Pat. No. 2,419,114 to Briegel. U.S. Pat. No. 2,579,029 to Barker.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
